

RES II/2026

Resolution initiatives and visibility

The Executive Board decides to start the following initiatives:

- Publish a regular newsletter (twice a year) on linkedin also sent by email to all members. Roxana and Alessandra to lead
- Jointly organise the Foliage event as a 1st International conference on Energy Geostructures. Marco, Iulia and Hussein to lead
- Start promoting Best paper Award, Best PhD/MSc Thesis Award and Best project Award. Donatella to lead the Award Committee
- Start a technical committee “Design and construction” on working standards led by Tony
- Start a technical committee “Strategy and Mission” of ISEG led by Iulia

In addition to the above, the Executive Board decides to strengthen the communication media by:

- Mentioning ISEG on the Foliage Linkedin page (in the description) so to make clear that it is also the ISEG media
- Update the proper roles for the EB members
- Update the Associate members so that only the registered ones appear in the logo section, by also adding link to their website
- Update information at the bottom of the homepage to make them readable
- Populate the website with news from the newsletter
- Add link to resources (e.g. standards, etc.)
